ABOUT PHARMA ANVESHAN

Pharma Anveshan is launched in 2023 by Pharmacy Council of India. Pharma Anveshan program is a befitting tribute to Late Prof.M.L Schroff, who is considered as father of Indian Pharmaceutical Education. Pharma Anveshan Program is a step forward by the PCI to encourage the Research talent among young Pharmacy faculty and students to bridge the research gap between industry & Academic institutions.

ABOUT PCI

Pharmacy Council of India, a Statutory body established under Pharmacy Act 1948. PCI has been regulating the Pharmacy education and Pharmacy practice in India. It has been timely upgrading the standards of Pharmacy education at diploma, degree & PG level and introduced new courses to cater the emerging pharmacy practice services and Pharmaceutical industry needs. During the past few years PCI has brought in revolutionary changes and attained remarkable achievements.

In Recognition of the contribution of ML Schroff, PCI declaration of **National Pharmacy Education Day** and launching of **Pharma Anveshan** are significant professional encouragement.
